A. B. Dade Memorial Handicap At W. Kentucky Oval Saturday

DADE PARK, Henderson, Ky., Aug. 26.—The next attraction here at Dade Park is the A. B. Dade Memorial Handicap which will be decided Saturday afternoon. The distance for the race is a mile and 40 yards for a purse of $1,500. The event is named for the late A. B. Dade, a native of Henderson, and a nationally known starter of thoroughbreds back when the horses were dispatches from a string instead of from starting gates.

There will remain two other big races after the A. B. Dade Memorial. These are the A. M. Fisher Handicap and the Labor Day Handicap. The former is for two-year-olds at six furlongs and the latter is for three-year-olds and upward also at six furlongs. Each race will have a purse of $1,500. The Fisher event will top the Saturday card, September 5, while the Labor Day Handicap will feature the program that will ring down the curtain on the summer meeting.

Knisley Has Perfect Day

HAMILTON, Ohio, Aug. 26.—Colin Knisley, local lad from Hamilton, delighted the hometown folks on Tuesday as he rode a perfect afternoon, scoring with the three mounts that he handled. Knisley became the second rider to ride both ends of the Double, as he handled Harkeva and Coin Gal to respective wins on the opening races of the card. This combination was worth $23.00. Then Knisley rested until the final event of the day when he guided No Vacancy to a clever score. The triple pushed his total for the meeting to 12, which puts him three mounts in front of the idle Charley Elder.

Winner—Ch. f, by Brownie—Cananea, by Okapi, trained by J. B. Theall; bred by Mrs. J. W. Brown.

REACHED POST—2:30. OFF AT 2:30½ EASTERN DAYLIGHT TIME.

Start good from stall gate. Won driving; second and third the same. DEDUCTIBLE YOU, always within striking distance, came fast when set down for the stretch run and, after disposing of RADIOLA, gamely withstood RELLIE. The latter, never far back, closed with good energy in a sharp effort. RADIOLA was rushed to the front immediately after the start, drifted out while tiring during the late stages and was unable to hold the top ones. FREE REELING rallied too late to become an endangering factor. AREEVA made up some ground when hard hustled through the final furlong. TEDOREST lacked early speed. LEE'S UNKNOWN failed to stay. OUR CLAUDIA was always outrun. SHINY SABER quit. HEARTACHE retired steadily from a rapid start. CAMISOLE showed nothing.

Scratched—Jaccone, 119; 99389 Jane E., 119; 99177 Princess Polly, 119.

REACHED POST—3:01. OFF AT 3:01 EASTERN DAYLIGHT TIME.

Start good from stall gate. Won driving; second and third the same. BELLE WOODVALE improved her position to take command entering the stretch, then had enough left to prevail over CHASED AGAIN. The latter moved up boldly after being straightened for the drive, hung slighly when punished and was unable to reach the leaders. ROY PRINCE sprinted into a commanding early advantage, drifted out slightly while tiring during the final furlong and was no match for the top pair. GLEANED failed to make up appreciable ground. QUICK TALK lacked the necessary rally. OBERON was unable to keep up. ANUKITA was outrun. MERMAN never threatened.

If finish shows horse won, second, third and fourth horses are given.
If second, first, third and fourth horses are shown.
If third, first, second and fourth horses are shown.
If unplaced, first, second and third horses are shown.

Note: Except in races of the shorter distances where the first call is pre-stretch or stretch and for which the start call is used, the first point of call after the start (at the quarter mile mark in most races) is given in races on or after January 1, 1948. Past performances for races run prior to that date give each horse's position at start, instead of first point of call.

Positions of first point of call and pre-stretch call vary according to distance of race. Speed ratings are given all races, including turf races, with exception of steeplechase and hurdle events. Ratings are given from distances of three furlongs and over. No ratings for two-furlong races.

Claiming races are indicated by price after jockey's name. The superior letter (o) just before the claiming price indicates horse was in optional claiming race, but he was NOT *entered to be claimed.*

BETWEEN RACES

ente offering three-quarters of a million dollars a year in purses. Marty's action was entirely voluntary and motivated through the knowledge that it is sound racing policy to share better business with the horsemen.

Hart came up with a nugget of common sense and wisdom yesterday when, in discussing the Del Mar increases with this writer, he said, "Del Mar is my first venture into the sports-entertainment field, and I'm learning a lot. But basically, the recipe for a successful operation seems fairly simple. Keep the horsemen as happy as possible, and the public as happy as possible. Keeping that in mind, no matter how the details are worked out, paves the way for progress." Actually, the Del Mar purse raises were somewhat anticipatory and are ahead of, rather than following, a sharp upward trend in public interest and support. As for the public side of it, readers may recall last week we interviewed architect Art Froelich, one of the world's great modern turf designers, as to the ideal track of the future, among other things.

So it was no great surprise to us to see Froelich scampering about the plant yesterday with camera and drawing board in hand, and we had little or no mental effort in reaching the conclusion that Froelich had been engaged by Del Mar to outline the million dollars worth of improvements coming up, a program which, no doubt, will contain some of the elements of the "ideal track" as outlined by our column. We can state with authority that whatever improvements are made will not change the basic pattern of Del Mar, a pattern which is hard to describe in mere words. About the closest we can come is by saying "metropolitan-smart mellowed by surfside informality and fun."

We learn that Calumet Farm most definitely will give Las Vegas a measure of support by campaigning a division there, one of the reasons being the emphasis upon two-year-old racing there, including, of course, stakes. It is unfortunate that many of Calumet's better known stakes horses are on the shelf, the most recent being the $50,000 Starlet Stakes (Hollywood Park) winner, Arrogate, who is stepping gingerly around the tow ring with blistered knees. Real Delight bowed in Chicago, and Hill Gail and Mark-Ye-Well are not at the moment in grade A form. Therefore, it is safe to assume that Calumet will not figure as prominently in fall stakes racing as in past years on either coast, but this situation probably will change by next spring when the current crop of yearlings emerge as two-year-olds in competition. Even so, we understand that Calumet has at least three prospects for the $100,000 two-year-old stakes in Vegas come December.

burdens than flat horses, recognizes that full maturity is not reached until the sixth year, and rare have been the occasions when a fencer under that age has captured the Belmont Grand National, most important of our fixtures for that specialty.

▲ ▲ ▲

For a useful measure of the relative maturity of three- and four-year-olds, we believe several foreign fixtures are more revealing than any American race. In France, the Arc de Triomphe for three-year-olds and up is contested in early October, and it is the most valuable race on the continent. Both the English and French scale of weights differ from the American scale, but not in respect to leniency toward three-year-olds. In the last 12 renewals of the Arc de Triomphe, three-year-olds, carrying 122 pounds in France that season, have won exactly half a dozen times, the other victories going to older horses with 132 pounds in the saddle. Were this feature contested in America, three-year-olds would carry 119 pounds as against 126 for their elders. Getting back to our American scale, at first sight it would appear as if Campbell's very slight changes could affect little difference, but Campbell must be impressed by the fact that, in Europe, older horses continue to hold their own in the most important weight-for-age stakes, and this in spite of being at a greater weight disadvantage in respect to their juniors than our horses. As we all know, it is the same breed. We believe that Campbell is perfectly correct in not recommending any great change, since it is possible that the testimony of American fixtures, such as The Jockey Club Gold Cup, is falsified by complicated conditions having to do with our native racing structure rather than biological changes that may have taken place in the thoroughbred.

John Orchards Parents of Son

RANDALL PARK, North Randall, Ohio, Aug. 26.—Mrs. John Orchard gave birth to a son yesterday in Bedford Memorial Hospital. The new addition to the Orchard home weighed in at seven pounds and 10 ounces. Mrs. Orchard is the daughter of Raleigh Leigh, the assistant racing secretary at Cranwood Park and ThistleDown. Leigh was the racing secrtary at Ascot Park this spring.

trainer to get quick results was the underlying cause of much of the subsequent unsoundness. These observations were all made here in Kentucky but we like to believe that experienced, substantial breeders in Maryland, Virginia and elsewhere do not resort to practices detrimental to the future of their yearlings. A mare must produce quality youngsters to create a demand for her foals and it would be short-sighted indeed for a breeder to do anything prejudicial to the future of his yearlings.

From Charles A. Kenney we pass on a tip to complaining trainers or owners. Says Kenney, "If you are afraid to buy a fat yearling for fear he got that way through the use of arsenic, change your thinking. The fat ones never need stimulants and our difficulty is to keep the fat off. As in people, the lean yearlings are hard to put weight on even with help. The fat ones get fatter and the thin ones stay thin. In all my years in breeding the only youngster on whom I was compelled to use aricyl, which contains arsenic, to any extent, was a small, frail, delicate colt who would not eat. His name became Our Boots and he did right well at the races. Breeders, as a rule, are more concerned over the future of the yearlings they sell than are some of the buyers or their trainers. Some breeders are even begging purchasers of their yearlings to send them back to the farm from which they came so that both the interior and exterior fat can be safely removed before training commences."

Blades of Blue Grass: Goya II. took quite a time to become acclimated but is now in real bloom at Circle M Farm. The easy victory of Artismo in the Grand Union Hotel Stakes boosted Goya's stock and brought encouragment to the folks at Shawnee Farm who sold a colt by him from Blue Scene at Keeneland...Charlie Kenney states emphatically that a chestnut filly foal by Polynesian from the dam of Evening Out is the best looking foal he has seen this year including his own and that Bill Bugg, who manages George D. Widener's farm here, should charge admission to see her...Miss Mildred Woolwine took time out from a Wisconsin vacation to journey to Washington Park to see Sea O Erin win the Prairie State Stakes. She bred the son of Shannon II.—Chantress, by Hyperion at her White Oaks Farm and sold him to the Hasty House Reubens as a weanling. Before he left the farm, however, both Miss Woolwine and farm manager Howard Endicott were so taken with the youngster that they decided to breed the farm's top mare War Flower to Shannon II., and now have an engaging suckling colt from the mating. Chantress, barren last year, also is again in foal to Shannon II.

Saturday's $50,000 Meadowland. This mile and three-sixteenths is the richest of Washington Park's grass races, and it may bring together Oil Capitol, Crafty Admiral, Abbe Sting, Ruhe, Brush Burn, Stan, Sunglow, Pictor, Smoke Screen and Golden Trend. Abbe Sting has become known locally as a turf course "specialist," as a result of winning the Armour and Stars and Stripes, though it is incomprehensible to us why running on grass should be considered a question of horses' adaptability. Crafty Admiral is an interesting candidate for the Meadowland. He was very unobtrusive at the finish of the Clang, which marked his initial start in many weeks, but he has been working well for trainer Odom. And he is several cuts higher class than most of the eligibles. Handicapper Kilroe makes him a single pound inferior to Oil Capitol, the highweight under 126, however. This sems a little equivocal, and if Crafty Admiral can reproduce the form he showed here a year ago, none of the Meadowland nominees can concede him weight. It is difficult to know quite what to make of Oil Capitol, whose latest caprice was to finish unplaced in the Clang, after willing the Arlington Handicap.

Turfana: John Conway of Dublin, consul of Ireland, was a recent Washington Park visitor. Chatting of show jumpers, he opined the double bank in the Royal Dublin Society ring is fully as treacherous as Beecher's. . . . Bubbley had an infected wither as a consequence of a broken saddle tree which chafed it. . . . Howard Reineman misses none of The Dancer's races, declares, "I would walk from Lexington to N. Y. to see him meet Tom Fool." . . . Turns out Sir Mango was wearing shoes that were too tight in the Classic. . . . Alex Gordon observes that Flyamanita coincides with his idea of what a good race mare should look like. Much Sir Gallahad III. about her.

Walter Turnier, the horse identifier, for information.

Francis Baymore, veteran groom with Lyman Brusie's stable, is making plans to head for Florida. The fact that Bob Carey, the horse whom he cares for won the other day at a good sized mutuel, may have had something to do with his contemplated vacation. Francis has been with Brusie for many years. . . . The guy that handles a lot of that money in the mutuel room is Billy Pimpus, former featherweight boxer around these parts and Philadelphia some years ago. Billy is now a money runner with Riggs Mahony's crew. . . . Frank Capono, the tunesmith, has been in attendance whenever possible, although he is still under doctor's care for heart condition.

Ladies' days and the fashion show serves as quite a magnet for the girls. The dining room terrace, where the fashion show is held, was completely swamped early, the majority of the eager patrons breasting the blue rope, being members of the fair sex. . . . Belmont Evans, who is training a number of foreign-bred horses here, among them nominees for the turf stakes, observes that Stan has proved a pretty good buy for the Hasty House Farms. Evans reports that he interested the Reubens in Stan when the horse was still racing in England. Just recently the Irish-bred won the Grassland Handicap. . . . Herman Taylor, the Philadelphia fight promoter, should have the business at his ticket windows that his brother Frank does here. The latter is at the $100 window in the clubhouse.

Smallest Fields of Meet Make Up Dade Park Card

Owensboro Purse Brings Out Six With Pat Brooks Topweighted

DADE PARK, Henderson, Ky., Aug. 26.—The smallest fields of the meeting make up the racing program here Thursday afternoon, but at the same time it is the strongest Thursday card of the 29-day session of which 19 have already been completed. The 20th day brings together well-balanced fields and two of the best are the fourth, a six furlongs event in which half a dozen are entered, and the sixth, in which seven are scheduled to run over the eight furlongs distance.

The sixth appears to be the top number of the day. It included Mels Best, Pat Brooks, Brief Sun, Hold d'Or, Assimilate and the entry of Holy Cats and Just Buster. They are representatives of F. M. Ashby and J. H. Homan, respectively.

Under the conditions Pat Brooks, representative of T. O. Logsdon, is to carry top weight of 120 pounds, Mels Best, which raced in handicap races here, is next at 117, and is followed by Just Buster, at 115. Brief Sun, 112, Assimilate, 107, and Holy Cats, 104, round out the weights for this race, which has been named the Owensboro Purse.

The Sprint affair is named the Boonville Standard Purse, which honors the nearby periodical. It brings together a strong band of sprinters, some of them getting in under high weights, especially Ariel Streak, the Char-Mar Farm colorbearer, who has been assigned 121 pounds. Senecas Coin, Coralies Girl, Narragansett, Brownie Lady and Teddy's Toy are to match their speed against Ariel Streak.

Two-year-olds are to furnish the sport in the third, the usual five furlongs dash, while the fifth is at six furlongs and a renewal of the Patina—Two-Ducks affair is expected. The last time they met Patina got a close decision, but Patina was set back through a disqualification. Others entered here are Seven Graces, Spinners Boy, Wiggles Fancy, Frost Sparks and Naomi.

The seven-race program is brought to a close with a mile and one-eighth race. The first and second are at six furlongs and have the largest fields on the card.

Disclose Payment Proposal In Meadows Charity Case

SAN FRANCISCO, Calif., Aug. 26.—A deferred payment proposal to satisfy half a million dollars in charity funds has been advanced by Joseph Cohen, according to a disclosure by Edmund G. Brown, attorney general of California. Cohen is vice-president of the California Jockey Club which owns and operates the track. Brown said that he told representatives of the club that he would present the plan to the court for approval if it was submitted by the directors of the organization and backed by adequate security for payment.

As a result of a suit by Brown, claiming that approximately $500,000 was misused by William P. Kyne, general manager of Bay Meadows, the track is in receivership. It is alleged that some $300,000 was spent in financing Portland Meadows, a race course at Portland, Oregon.

CEIL O. was moving forwardly when caught between horses and forced back by WING TINT at the far turn. GOOD DANCER lost distance racing on the outside. WING TINT injured her rider at the gate and caused a delay while a substitute jockey was obtained, showed brief speed and quit. CHATTY BECKY refused to break, then jogged along far behind the field.
